## **Certificati e attestati di lingua riconosciuti** **(Delibera del Consiglio dell'Università n. 13/2019)**

## **Recognized language certificates and diplomas** **(Resolution of the University Council n. 13/2019)**

### **Disposizioni generali**

Una certificazione internazionale o un attestato di lingua per essere riconosciuti devono corrispondere alle seguenti caratteristiche:

1. prevedere la valutazione di tutte e quattro le abilità linguistiche ed essere emessi dallo stesso soggetto/ente
2. riportare la sufficienza in ciascuna abilità in forma di valutazione complessiva (in alternativa le singole valutazioni dovranno essere indicate sul certificato o su idonea documentazione rilasciata dall'ente certificatore)

Se sul certificato non è riportata l'indicazione di un livello complessivo viene riconosciuto il livello più basso raggiunto nelle singole abilità, sempreché venga raggiunto un risultato positivo.

Non si accetta nessun tipo di compensazione nel caso di risultati parziali negativi e non verranno calcolati valori "medi" a meno che questa prassi non sia prevista dall'ente certificatore.

Non si accettano attestati in merito a singole abilità rilasciati da diversi enti certificatori.

Non vengono riconosciuti certificati di frequenza di corsi di lingua, attestati di test di fine corso o altri esami rilasciati da enti privati. Non vengono riconosciuti risultati di test di piazzamento.

Non vengono riconosciuti attestati rilasciati da singoli docenti, lettori o insegnanti di lingua.

Non vengono riconosciuti attestati del DAAD.

I certificati internazionali, al momento della loro consegna, non devono essere stati conseguiti da più di 5 anni (sono validi i certificati rilasciati a partire dal 1° gennaio del quinto anno precedente alla presentazione del certificato e per tutta la durata dell'anno in questione).

Ulteriori attestati elencati nell'apposita sezione della lista presente hanno validità illimitata.

### **Allgemeine Bestimmungen**

Um anerkannt zu werden, muss ein internationales Zertifikat oder ein Sprachnachweis folgende Voraussetzungen erfüllen:

1. die Bewertung der Leistung in allen vier Fertigkeiten umfassen und von der Zertifizierungsorganisation selbst ausgestellt sein
2. eine ausreichende Leistung in allen Fertigkeiten in Form einer Gesamtnote anzeigen (und/oder die detaillierte Bewertung wird auf dem Zertifikat selbst oder durch eine originalgetreue angemessene Dokumentation seitens der Zertifizierungsorganisation angegeben)

Wenn auf dem Zeugnis kein Gesamtergebnis und/oder –niveau ausgewiesen wird, so ist jeweils das niedrigste erreichte Niveau in einer der Teilfertigkeiten für die Festlegung des Niveaus ausschlaggebend, sofern dieser Prüfungsteil bestanden wurde.

Es gibt keine Kompensation für „nicht bestandene“ Prüfungsteile und es werden keine Mittelwerte gebildet, sofern nicht von der Zertifizierungsorganisation vorgesehen.

Bescheinigungen über einzelne Fertigkeiten von unterschiedlichen Zertifizierungsorganisationen werden nicht akzeptiert.

Teilnahmebestätigungen, Bescheinigungen über Kursabschluss tests und Prüfungen von privaten Bildungsträgern sowie Ergebnisse von Einstufungstests werden nicht anerkannt.

Es werden keine Bescheinigungen anerkannt, die von einzelnen Dozenten, Lektoren oder Lehrpersonen ausgestellt werden.  
DAAD-Bescheinigungen werden nicht anerkannt.

Bei internationalen Sprachzertifikaten muss der Nachweis innerhalb der letzten fünf Jahre vor der Einreichung erbracht worden sein. Es gilt das gesamte Kalenderjahr ab dem 1. Januar.

Die in der Sektion „Weitere Sprachnachweise“ aufgelisteten Bescheinigungen haben unbegrenzte Gültigkeit.

### **General Dispositions**

In order to be recognised, an international certificate or any proof of language proficiency must meet the following requirements:

1. include the assessment in all four skills and the certificate must be issued by the certification organization itself
2. indicate adequate performance in all skills in the form of an overall grade (and/or the detailed assessment is indicated on the certificate itself or by appropriate documentation faithful to the original by the certification organization)

If no overall result and/or level is stated on the certificate, the lowest level reached in one of the subskills is decisive for determining the level, provided that this part of the examination has been passed.

There is no compensation for "failed" parts of the exam and no averages are calculated unless these provided by the certification organization.

Certificates regarding single skills issued by different certification organizations will not be accepted.

Certificates of participation, certificates of end-of-course-tests and examinations from private educational institutions as well as results of placement tests will not be recognised.

Certificates issued by individual lecturers or teaching staff will not be recognised.

DAAD certificates are not recognised.

International language certificates must not be older than five years before the date of its submission. The entire calendar year shall apply from 1 January.

“Further Recognized Degrees and Diplomas” will have unlimited validity.
