BACHELOR IN INDUSTRIAL AND MECHANICAL ENGINEERING

Bachelor class: L-9

This three-year programme provides students with solid knowledge on industrial engineering and its related fields. Based on a set of fundamental courses, the degree programme offers four different branches in which students can specialize: Mechanical Engineering, Logistics and Production Engineering, Energy Engineering, Automation Engineering.

- The branch Mechanical Engineering aims to extend the knowledge regarding the planning, dimensioning, production and maintenance of components, machines, tools and industrial plants.
- The branch Production and Logistics Engineering strengthens the knowledge related to the supply chain of materials, the company organisation and production as well as the industrial production processes.
- The branch Energy Engineering provides advanced knowledge in the field of the management of energy systems and energy supply chains in companies, of the planning and use of components, systems and energy plants for the production, the transport and the efficient use of energy with particular attention to the technologies related to renewable resources.
- The branch Automation Engineering offers extended knowledge and specialisation regarding the industrial automation related to both the components and the control of automated machines.

Dual Study Programme

The "Working students" programme requires the addition of working periods in companies under agreement with the University while studying. The programme is reserved to students enrolled in the study branches Production and Logistics Engineering and Automation Engineering.

The branch of Automation Engineering is offered with the Dual Study Programme only.

Students of the branch Production and Logistics Engineering can choose between a full-time study plan or the "Working students" programme.

The duration of this programme is 4 years: students spend four semesters at the university and four semesters in the company.

Career opportunities

After graduation you can pursue a freelance career as consultant, through the state examination and in accordance with the declaratory of the degree class. In addition, the solid university preparation allows the employment in production and service companies, research centres, public and private institutions, in the fields and tasks related to industrial and mechanical engineering, especially in the mechanical and electromechanical sectors, plant engineering, automation, energy production and conversion.

The single branches allow employment opportunities in different industrial sectors, but do not preclude any employment opportunities.

Languages used in teaching

The languages used in teaching are German, Italian and English. The individual courses are held in just one of the three official languages. The lecturers reserve the right to use the other two languages for certain parts of the course; however, the final examination must be held in the official language of the course. You are unable to take exams in a language until you have certified your knowledge of that language. The languages used for each subject will be communicated at the beginning of the academic year.

Fixed intake

The available study places for the 2019/20 academic year are:

	EU citizens (and citizens given parity of treatment)	non-EU citizens (resident abroad)
1 st session	50	4
2 nd session	20	0
Total	70	4

STUDY PLAN

In this Bachelor there is a maximum number of 20 exams.

The teaching languages are Italian, German and English. Each subject will be held in only one of the three languages. The Faculty Council decides annually the language of instruction in each discipline, taking into account the linguistic balance.

The languages used for each subject will be communicated at the beginning of the academic year.

For each major the exams mentioned in the curriculum provide a maximum of 159 credit points. In addition, there are a further 21 credit points, which are composed as follows:

- 12 credit points for free choice courses;
- 6 credit points for internships;
- 3 credit points for the final thesis.

Some lectures of the curricula Automation will take place at the Campus of Bruneck-Brunico.

ADMISSION REQUIREMENTS

Admission to a Bachelor requires the possession of one of the following qualifications:

- a) five-year secondary school leaving certificate (Italian system)
- b) four-year secondary school leaving certificate (Italian system), with or without a certificate of competence issued at the end of the supplementary year; if this certificate is not available, the evaluation committee reserves the right to evaluate your overall preparation and to identify any educational debts to be recovered during the first year of the course;
- c) university degree (regardless of the secondary school leaving certificate owned) (Law nr. 910/1969 art. 1)
- d) foreign qualification, recognised as equivalent.

Foreign qualifications are considered as equivalent if obtained after 12 years of schooling. In this case you furthermore must have attended at least the last biennium in the foreign school system (e.g. Irish Leaving Certificate: it is not sufficient to attend one year and obtain the foreign qualification).

If the qualifications were gained after fewer than 12 years, the Ministry's provisions will be applied.

The Ministry of Education, University and Research provides special admission requirements for holders of certain qualifications (American high school diplomas, British qualifications, Greek qualifications). Get more information from the Student Secretariat.

Concurrent enrolment at several universities or in several courses at the same university is not allowed.

Concurrent enrolment at universities and at higher education institutions for music and dance (e.g. music academy) is on the contrary allowed under specific conditions (Ministerial Decree 28.09.2011; get more information from the Student Secretariat).

LANGUAGE REQUIREMENTS FOR ADMISSION

The official teaching languages are **Italian, German and English**, and the following language requirements apply:

LANGUAGE	MINIMUM ENTRY LEVEL	MINIMUM EXIT LEVEL
1st language	B2	C1
2nd language	B2	C1
3rd language	- - -	B2

Your first language is the language in which you have the highest level of proficiency (B2 or C1). Your third language is instead the language in which you are weaker (or in which you are an absolute beginner).

If you are not able to certify the above-indicated entry level, you cannot be admitted.

By the end of your undergraduate degree, you must be able to demonstrate the above-indicated language levels.

The six levels of the Common European Framework of Reference are:

A1-A2: Basic Users

B1-B2: Independent Users

C1-C2: Proficient Users.

Please note: Non-EU citizens resident abroad must also sit a separate Italian language test before they can enrol.

Further information is available on the University's website <https://www.unibz.it/en/applicants/international-applicants/bachelor-and-master-programmes/>

HOW TO DEMONSTRATE LANGUAGE PROFICIENCY

You must first log in to the Application Portal available at www.unibz.it

Once registered, you must:

- fill in the application form,

- upload your language certificates and/or enrol for the language exams offered by the Language Centre.

PROFICIENCY REQUIRED FOR ADMISSION (TWO LANGUAGES AT LEVEL B2)

You can demonstrate language proficiency in the following ways:

- a) you declare, in the application portal, that Italian, German or English is or was the main teaching language in your final highschool year (corresponds to level C1).
 - o In case of Ladin upper secondary school: If your highschool was one of the trilingual secondary schools in the Ladin valleys of South Tyrol, this will be accepted as demonstrating proficiency in both German and Italian (corresponds to level B2 for both languages).
 - o In in the event that the upper secondary school was in a foreign country: If the foreign language proficiency levels (for German, Italian, or English) obtained during the studies are explicitly indicated on the diploma of graduation according to the Common European Framework of Reference (i.e., B1, B2 or C1), and if all four language abilities (reading, listening, speaking, writing) have been assessed, then the indicated levels can be used to certify the satisfaction of the University language requirements for the second and/or third language. In this case, we recommend that you upload your diploma under "language certificates" in the application portal, indicating the language and the level that you have achieved;
- b) you declare, in the application portal, to be awarded an undergraduate or postgraduate degree in Italian, German or English (corresponds to level C1).
 - o Unibz graduates must certify the language levels achieved by the end of their studies by uploading the relevant certificates and/or by declaring that they have passed language exams at the unibz Language Centre (B2, B2+ or C1);
- c) you upload, in the application portal, a recognized certificate (see <https://www.unibz.it/en/services/language-centre/study-in-three-languages/>). If you can't upload the certificates, you can send them by e-mail as PDF files or deliver them in person to the Language Centre. The certificates can be uploaded or forwarded during the following periods:
 - o **1 March - 26 April 2019**, 12.00 midday (for applicants of the 1st and 2nd session)
 - o **20 May - 31 July 2019**, 12.00 midday (for applicants of the 2nd session)
- d) you pass a language exam organised by the Language Centre of unibz. Enrolment for these exams is done online through the application form:
 - o **15-16 March 2019** during the Open Day (enrolment from 01.03. to 11.03.2019) (valid for the 1st and 2nd session)
 - o **11-12 April 2019** (enrolment from 22.03. to 07.04.2019) (valid for the 1st and 2nd session)
 - o **2-3 July 2019** (enrolment from 20.05. to 26.06.2019) (valid for the 2nd session only)
 - o **30 July 2019** (enrolment from 15. to 24.07.2019) (valid for the 2nd session only)

If necessary, the exam sessions in April and July will be extended by one day and then possibly take place on 13 April, 4 July and 31 July.

Please note: it is not possible to register for the language exams outside the periods indicated above. If you start an application outside a registration period for the language exams, you must return to the portal during one of the periods indicated above in order to register for an exam.

INFORMATION ABOUT THE LANGUAGE EXAMS OF THE LANGUAGE CENTRE OF UNIBZ

Information regarding the structure of the language proficiency exams, their duration, their administration, and typical processing time for the publication of the results can be found on the following webpage: <https://www.unibz.it/it/services/language-centre/language-exams/>. We advise that you carefully read all the information contained on that page.

Please note: In case your final title has been awarded by an Italian public establishment, certificates and diplomas must be substituted by self-declarations.

FURTHER LANGUAGE PROFICIENCY (THIRD LANGUAGE)

If you have already acquired a certain level of language competence in the third language of tuition, i.e. your weakest language, we recommend to certify these competences as described above in letter c).

If you are not able to certify your language competence in the third language of tuition and you are admitted to your studies at unibz you will have to take a placement test. You will receive an invitation to the test by e-mail. According to your actual level you will be assigned to a certain learning path so that you will be able to reach level B2 as soon as possible.

If you are an absolute beginner in the third language, or if your certifications or placement test results show a level below B2, you may attend a **three-week intensive language course** during the pre-semester session in September in order to start the learning path which aims to bring the student to the B2 level in the third language.

These courses will be offered from 9 through 27 September 2019 (3 weeks = 120 hours of lessons from Monday to Friday). There will be 6 hours of lessons per day plus 2 hours of additional linguistic activities. Besides this intensive course there will be various courses throughout the academic year and during the periods that are free of other lessons and exams.

ATTENTION: Beginner courses (A1) will be offered exclusively during the pre-semester intensive course session in September. Beginner courses will not be offered during the academic year. For this reason, true beginners must begin their learning path for the third language during the September intensive course session.

All of the language courses offered by the Language Centre are **free of charge** and aim to help the students reach the following target levels in the third language:

- Level B1 within the first year of study (without which you cannot take exams in that language)
- B2 level by the end of the second semester of the second year of study.

Learning path	Starting from	Course modules				Hours of lessons
Learning path 1	A0	A1.1+A1.2	A2.1+A2.2	B1.1a+B1.1b B1.1a+B1.1b	B2.1a+B2.1b B2.2a+B2.2b	520
Learning path 2	A1	A2.1+A2.2	B1.1a+B1.1b B1.1a+B1.1b	B2.1a+B2.1b B2.2a+B2.2b		440
Learning path 3	A2	B1.1a+B1.1b B1.1a+B1.1b	B2.1a+B2.1b B2.2a+B2.2b			320
Learning path 4	B1	B2.1a+B2.1b B2.2a+B2.2b				160

If you have not certified the necessary competence in the third language (B1), you are not allowed to take degree course exams in that language.

You will also need to reach the C1-level for your **second language** by the end of your studies, otherwise you won't be able to graduate. Also in this case the Language Centre will offer modular courses to help you reach the required level.

ONLINE APPLICATION

Your application is submitted online through the Application Portal available at www.unibz.it. You need to create an account, fill in the form online and upload the documents required as an electronic file for every selected degree course. Through the Application Portal you can also upload your language certificates or register for the language exams.

Please note: Mendacious declarations will be penalised by criminal penalties and will result in the automatic exclusion from the ranking list.

ATTACHMENTS

You should upload the required attachments for every selected degree course in the portal. In the portal, you can visualize the status of your application and your attachments with the help of colours (e.g. missing documents will be highlighted in red).

Evaluation can then only take place on the basis of the documents you have uploaded by the deadline.

You have to upload:

- a passport-size colour photo;
- a photocopy of a valid identity card or passport (front/back); attention: if your document is invalid, incomplete or unreadable, you will be excluded from the admission procedure;
- the attachments listed in the section entitled "Selection procedure".

If you have gained your qualification abroad, you must also upload:

- the diploma of your qualification: if you are not yet in possession of the diploma, you can upload it upon enrolment at the very latest - until you have not uploaded your diploma, you can only gain conditional admission;
- an official translation of the qualification into Italian (not necessary for qualifications in German or English);
- the declaration of equivalent value of your qualification: if you are not yet in possession of the declaration, you can upload it upon enrolment at the very latest (see next paragraph);
- the valid permit to stay for Italy (only for non EU-citizens legally resident in Italy) – see below chapter "EU-citizens and equivalent" point 2.

The declaration of equivalent value (not necessary for qualifications gained in Austria or Germany, but unibz reserves the right to request it in case of doubt)

If you have a qualification from abroad, you must certify that your qualification would grant you entry to a similar university course in the country where you achieved this qualification.

For that reason you must:

- apply for the "dichiarazione di valore" (declaration of equivalent value) at the Italian consulate or embassy abroad (please apply for the declaration as soon as possible since it can often require long processing times);
- upload the declaration upon enrolment at the very latest, together with the other relevant documents.

EU-CITIZENS AND EQUIVALENT

Within an application session you might apply for more than one study programme. If you are excluded in the first session, you might apply again in the second one.

Please proceed in this way:

- Fill in the application form correctly and submit it by the deadline. Filled-in forms which have not been sent correctly will not be taken into consideration;
- Once the application has been sent, it cannot be modified.

Considered as equivalent are:

1. Citizens from Norway, Iceland, Liechtenstein, Switzerland, San Marino and Vatican;
2. Non-EU-citizens with a valid permit to stay in Italy (see article 39, paragraph 5 of decree no. 286 of 25.07.1998: "**permesso di soggiorno**" for work, family reasons, political or humanitarian asylum, religious reasons). In this case, you apply directly to the University as described above and must submit a copy of your valid permit to stay. A permit to stay for study reasons or a visa for tourism is not sufficient. If the permit deadline has expired, you must attach a renewal request. **NB:** if you do not provide the permit for one reason or another, you will be automatically considered a non-EU citizen living abroad and therefore subject to the admission procedure through the Italian authorities acting in your country of origin.

Deadlines	Begin	End (term of exclusion)
1 st session	1 March 2019	26 April 2019, 12:00 noon
2 nd session	20 May 2019	31 July 2019, 12:00 noon

If at the end of the 2nd session there are still study places available, a **late session** will be opened (from 7 to 14 October 2019, 12 noon), in which only people who already have the required language requirements can apply.

Candidates admitted to the ranking must pay the first instalment of the fees and enrol online by 31.10.2019, 12 noon. The procedures described in the chapter "Confirmation of the study place and enrolment" apply.

NON-EU-CITIZENS (RESIDENT OUTSIDE OF ITALY)

Only one application session is offered. After the deadline it is not possible to apply anymore.

Please note: You can apply for one study programme only!
In the event of a second application, only the first one will be considered.

Please proceed in this way:

- Fill in the application form correctly and submit it by the deadline. Filled-in forms which have not been sent correctly will not be taken into consideration;
- Once the application has been sent, it cannot be modified.

Deadlines	Begin	End (term of exclusion)
Application session	1 March 2019	26 April 2019, 12:00 noon

You will also have to **apply at the Italian authorities** (consulate or embassy) in your country. The deadlines set by the Italian Ministry of Education, Universities and Research (<http://www.studiare-in-italia.it/studentistranieri/>) must be respected. Should you not follow this procedure with your local Italian consulate, the application delivered direct to the University will be declared null and void.

SELECTION PROCEDURE

In addition to language certification and admission requirements, you must go through a selection procedure in order to be admitted to the course.

The selection procedure is divided into two parts:

1) Entrance test (max. 60 points):

A multiple choice test will give information about the prior knowledge of the applicants in the field of logic, mathematics and science subjects. The admission test will take place on 3 May 2019 (for applicants of the 1st session), on 5 July 2019 (for applicants of the 2nd session) and on 16 October 2019 (for applicants of the late session).

Location and time will be published on <https://www.unibz.it/en/faculties/sciencetechnology/bachelor-industrial-mechanical-engineering/>

The result of the admission test in one of these dates remains valid for the admission procedure of the a.y. 2019/20.

2) Evaluation of the High School curriculum (max. 40 points):

this will be based on the marks of the third-last year and penultimate year of secondary school. The marks for behaviour, religion and physical education are not taken into consideration.

In the event of equal scores, the Selection Committee will proceed with a drawing.

In the application portal, you shall:

- Insert, using self-declaration, *your marks for the subjects of your third-last and penultimate school year*. Please note: Mendacious declarations will be penalised by criminal penalties and will result in the automatic exclusion from the ranking list.
Final marks of your third-last year and penultimate year of secondary school* must be self-declared in the online application form.
In the event of self-declared years being concluded abroad, a copy of the relevant school report cards must be uploaded in the portal;
- Upload the *official translation* of your school report cards into Italian, German or English if needed;

(*) If the applicant omits to indicate the final marks of the third-last and penultimate year of secondary school, the Selection Committee assigns a final mark equal to the passing mark of the school year the applicant hasn't provided a certificate for.

(*) If you have attended a school whose system differs substantially from the Italian system and you do not have the reports with the final marks of the third-last and/or penultimate year of study of your secondary school, the Selection Committee reserves the right to evaluate the possible final reports of the secondary school that refer to years different from the penultimate or third-last.

Admitted Applicants for the curriculum Automation Engineering have to send a letter of intent (as per template) via E-Mail within 24 October 2019, with which the company confirms its availability to give financial support to the student for the entire duration of the study course while permitting to follow the related study plan. The template of the above letter of intent will be available online on the unibz website, or can be requested at the Faculty Secretariat of the Faculty of Science and Technology via the following E-Mail address: science.technology@unibz.it.

The curriculum **Automation Engineering** is offered under condition of minimum 10 enrolled students. If this minimum number of students is not reached, the enrolled students can request the refund of the registration fee or they have the possibility to enrol to another curriculum of the Bachelor.

ADMISSION RANKING LISTS

The Selection Committee will only evaluate the documentation presented by the application deadline and two admission ranking lists will be drawn up: one for EU citizens (and citizens of other countries who enjoy parity of treatment) and one for non-EU citizens resident abroad.

The ranking lists will be published on the website <https://www.unibz.it/en/applicants/ranking-lists/> and are only valid for the academic year for which they have been drawn up.

Publication:

For the first application session, likely by 17 May 2019.

For the second application session, likely by 9 August 2019.

For the late session, exclusively for the assignment of still available places, likely by 24 October 2019.

ADDITIONAL LEARNING OBLIGATIONS

If you do not achieve a minimum score of 50% of the available maximum points in the entrance test, you will be admitted to study with additional learning obligations (OFA). In order to absolve the additional learning obligations, preparatory courses are offered.

The additional learning obligation is absolved by passing a special examination. Three dates will be scheduled to take the exam: in October, in January and in June. The OFA-examination must be passed within the first academic year of study and is an essential prerequisite for taking the curricular examinations of the years following the first. If you have not passed the OFA examination in one of the sessions planned, you will be not able to enrol in the second year of study; consequently, you will be enrolled in the first year again.

CONFIRMATION OF STUDY PLACE AND ENROLMENT

If you have been admitted to more than one degree course, you can only confirm a study place in one of them. With this confirmation you refrain from the admission to the other degree courses and lose the right to move up in the other ranking lists.

For enrolment you need to:

1. **pay the first instalment of university fees** (747,50 €)
2. **in the application portal**, choose the course and upload **the payment receipt** (to confirm your study place). Please note that payment will only be accepted once the receipt has been uploaded in the portal - it is not enough just to make the payment, otherwise you will lose your study place!

Deadline for applicants of Session I	27 May 2019, 12:00 noon
Deadline for applicants of Session II	23 August 2019, 12:00 noon
Deadline for applicants of late session	31 October 2019, 12:00 noon

If you do not respect this deadline, you will automatically lose your place which will be offered to the subsequent applicant in the ranking list.

For EU citizens and equivalent only: If not all study places of Session I are occupied, any free places will be assigned in Session II.

Please note that payment does not allow you to receive student status, which will be acquired upon enrolment. If you have a confirmed study place, there will be no refund of the university fees unless you do not pass your secondary school final exam or, in the event of non-EU applicants resident abroad, you do not receive the necessary documents from the Italian authorities in your country.

3. in the application portal, enrol online

Deadlines	Begin	End
for applicants of Session I	15 July	26 July 2019, 12:00 noon
for applicants of Session II	9 August	23 August 2019, 12:00 noon
for applicants of late session	24 October	31 October 2019, 12:00 noon

Enrolment is recommended as early as possible, so you have the possibility to upload incomplete documents before the end of the deadline.

If you don't respect the deadline for enrolment, you will lose your study place, which will be offered to the subsequent applicant in the ranking list.

If you have gained your secondary school qualification abroad you must upload (if not uploaded upon application):
<ul style="list-style-type: none">• secondary school diploma
<ul style="list-style-type: none">• official translation of the secondary school diploma into Italian (translation is not necessary if the certificates have been issued in German or English)
<ul style="list-style-type: none">• declaration of equivalent value of your secondary school diploma, issued by the Italian consulate or embassy abroad (not necessary for qualifications gained in Austria or Germany, but unibz reserves the right to request it in case of doubt)

At the beginning of the academic year you have to submit the originals of the above mentioned documents to the Student Secretariat.

Please note that if you do not possess a valid entrance qualification, you could be excluded with Rector`s decree even after enrolment.

If you are a non-EU citizen resident abroad:
If you are able to be admitted to the admission procedure of the course you applied for (check the admission ranking lists), the Italian Authorities in your own country will issue you the entry visa for studies/university: this will allow you to arrive in Italy to sit the Italian-language test (for undergraduate degrees), any entrance tests you have to take, and to enrol for the course that you have applied for, after passing the selection procedure. The Italian-language test, which all students applying for undergraduate courses must sit, is usually taking place at the beginning of September in Bozen-Bolzano.
According to Italian law, within 8 working days of your arrival in Italy, you must have applied for the permit to stay: as soon as you arrive you should go to the Advisory Service and you will be given the necessary information for starting this procedure.
Once you will obtain your permit of stay for Italy (permesso di soggiorno), you have to deliver it to the Student Secretariat personally or via e-mail.

Students intending to transfer from another Italian University to unibz have to submit to the Student Secretariat - at the beginning of the academic year - a copy of the transfer application presented at the university of origin.

TUITION FEES

Enrolment taxes and fees for the 2019/20 academic year amount to **1.347,50 €**.

- **1st instalment** (747,50 €)*: includes the provincial tax for the right to study of 147,50 € and a revenue stamp of 16 €.
- **2nd instalment** (600 €): must be paid by 31 March 2020.

The first instalment must be paid in order to enrol.

Delayed payment of the second instalment will result in a fine being levied. If you have not paid your taxes or other fees, you will be unable to take exams and will not be able to transfer to other universities or other degree courses. If you drop out of a course, interrupt your studies or are excluded from studies, you are not entitled to reimbursement of fees.

Exemption from the University fees (and the provincial tax) is granted to:

- Students with a disability recognized under article 3, paragraph 1, of Law No 104/1992, or with a disability up to or exceeding 66%: the disability certificate, issued by the health authorities, must be presented at the beginning of the academic year.
- Foreign students who have been granted a scholarship from the Italian government.

Entitled to receive a refund of the tuition fees are those students who benefit from a scholarship granted by the Autonomous Province of Bozen-Bolzano (see below).

RECOGNITION OF CREDIT POINTS

After enrolment, you can apply for recognition of the credit points gained at the end of your previous university studies, if they are compatible with the subjects offered.

You can fill out the online application using Cockpit (Intranet for students, access will be possible only after enrolment).

The Degree Council will evaluate the application and the credit points - if recognised - will be inserted in your student's career.

Further information are available in the Faculty Secretariat.
